As a result of a review by the British Columbia Securities Commission, Dentonia is issuing this news release to clarify the disclosure contained in its news releases of April 2, 2007 and January 11, 2008, and in the technical report prepared by Paul R. J. Nicholls, P. Eng., an independent qualified person under 43-101, dated January 22, 2008, titled “Atkinson Project, Summary of the Geology and Gold Mineralization, Lipton Claims”, filed on SEDAR.

The British Columbia Securities Commission pointed out certain deficiencies in these news releases and the report, primarily the resource calculation and Dentonia withdraws this report and the news releases and retracts any and all statements contained therein and the public should not rely on the news releases and Paul R.
