For Immediate Release

Private Placement and Legal Actions

Dentonia Resources Ltd. (the “Company”) is undertaking a non-brokered private placement to raise up to \$1,000,000 by the issuance of 20 million units at a price of \$0.05 per unit.

Each unit will consist of one common share of the Company and ½ of a non-transferable share purchase warrant. One whole warrant will entitle the holder to purchase one additional share of the Company for up to 24 months after closing of the placement.

The warrant exercise price will be \$0.10 during the first 12 months and \$0.15 thereafter.

At this stage, the Company has an outstanding debt of about \$310,000 arising from the drilling of the Lennac Lake and other projects. Judgment has been obtained against the Company by Driftwood Diamond Drilling Ltd., and an action has been commenced by Bulkley Valley Water Services in the amount of \$174,286 and \$23,100 respectively. The Company has received a Writ of Seizure and Sale against several peripheral mineral claims in the Lennac Lake area of British Columbia by Driftwood Diamond Drilling Ltd.

The funds to be raised by the above private placement will be used to pay off these debts and possible further payment to Peregrine Diamonds Ltd. for the Preliminary Technical Assessment (“PTA”) Report of the DO27 kimberlite pipe at Lac de Gras, NWT, being prepared by AMEC Americas Ltd. (“AMEC”) an international consulting firm. This report should be available shortly.

In addition, the Company is carrying out further studies of its molybdenum and gold prospects in British Columbia and Ontario and is also investigating possibilities of acquiring new projects.
